

Nanny Onboarding

Welcome to the MyNanny community!

We want to make sure that we make the best match for both the nanny and the family. Let's take a look at what will make you successful in standing out during this process! This is the beginning process of finding a great opportunity. Check out the entire placement process [here](#)!

Put Your Best Foot Forward

We absolutely need you to complete your MyNanny profile with the following:

- Resume
- Picture
- References

It's important to check spelling and grammar, as this is a reflection of your level of professionalism and shows that you care about your work. These are essential in helping us advocate for you in a role and giving a family a full picture of what makes you qualified and ready for the position!

Communications is Key

We get it, you're balancing work, job hunting, and the rest that life throws at you! However, we want to feel confident that you are serious about the positions we are filling. We understand if you are busy and can't get something to us quickly, but let us know that you are on it!

More Tips & Tricks

Be sure to check out these other tips to have a great experience with us!
